

Cafeteria Charge Policy

Students are allowed to charge meals on a daily basis. Monthly statements are sent with the student with their balance on it. The bills are due by the 10th of the following month except for May and all charges are due before school is dismissed for the summer. When their account reaches \$45.00 an automated phone call will alert them of their student's balance. If a student's account reaches \$60.00, an alternate meal is served until the balance goes below the \$60.00.
